

Island of Fun (27th March 2023)

The informal sessions held by Ecell society of IGDTUW orchestrated with the objective of fortifying the bonds among ECell members. These included a variety of engaging games such as Flip Tic-Tac-Toe and the Headphone Game. The activities provided an avenue for lighthearted camaraderie, contributing to a more cohesive and closely-knit group. These moments served as a reminder that we are not merely colleagues, but a collective with a shared dedication to the realm of entrepreneurship.
