MESSAGE

In an era where empowerment, education, and equality stand paramount, IGDTUW has emerged as a beacon of hope, leading the charge with its unwavering commitment to fostering excellence in education for women. The outstanding placement statistics stand testimony not only to the institution's exemplary education framework but also to the relentless drive, ambition, and hard work of its students.

The success stories that emanate from this university, year after year, reinforces my belief in the limitless potential that has been inculcated in our young women. Their achievements, both academic and extracurricular, echo far and wide, signalling a brighter, more inclusive future for our nation.

I applaud the University's leadership, faculty, and every single student who have contributed to these remarkable milestones. It is heartening to witness women power not just breaking the glass ceiling, but also setting benchmarks, and inspiring countless others in the process.

I extend my heartiest congratulations to all for the impressive placement statistics and wish every student, continued success in their future endeavours. May you all keep shining and making us proud.

MESSAGE FROM THE TPO (ICE)

The eminence of Indira Gandhi Delhi Technical University for Women (IGDTUW) serves as a testament to the commitment and expertise exhibited by women within our institution. Consistent with its esteemed reputation, IGDTUW has maintained a commendable track record of academic contributions to foster excellence in creating remarkable organizations and a thriving society. We place a strong emphasis on character development and the cultivation of essential soft skills as integral components of our curriculum, ensuring our students are well-prepared for the demands of the burgeoning corporate sector in this growing economy. Placements at IGDTUW have been increasing steadily for the past years, with last year's placements showing an all-time high average CTC of 20.60 lacs rupees. I am honoured to be the Training and Placement Officer of this great institution and I am grateful to our industry partners and research firms that have trusted us for years and granted their support, allowing us to establish the desired benchmark.

With this, I would like to welcome all talent acquisition teams for campus drives 2023-24. We hope this recruitment season bears fruits for both the institute and the esteemed firms.

MESSAGE FROM THE TPO (MAE)

I, Dr. Subhash Singh, Training and Placement Officer for the Mechanical and Automation Engineering Department, am delighted to extend a heartfelt invitation to all esteemed organizations. At IGDTUW, we pride ourselves on delivering top-notch technical education. Every year, we attract some of the brightest and most promising minds, transforming them into skilled, dedicated, and innovative professionals. Here, you will find engineers who not only excel academically but also possess invaluable hands-on experience in cutting-edge technological advancements.

To bridge the gap between industry demands and academic excellence, we have designed a unique curriculum that prepares our students to thrive in various fields. We are eager to explore opportunities for collaboration and mutually beneficial partnerships with your organization. Our students are not just confined to their coursework; they actively participate in a diverse range of prestigious national and international competitions. These include the Shell Eco Marathon, SAE Supermileage Vehicle, Bajaj SAE India, Supra SAE, WorldSkills India, and AWIM (A World in Motion) by Maruti, among others. Their dedication and hard work have earned them numerous awards and accolades, reflecting the high-quality practical training they receive through our Training and Placement Cell.

We are confident that these talented young women will be invaluable assets to any organization. Therefore, we warmly invite recruiters to join us for our upcoming placement season. We look forward to forging a partnership that promises mutual growth and success.

MESSAGE FROM THE TPC (ICE)

IGDTUW has evolved into one of India's foremost universities, renowned for its dedicated faculty, top-notch education, and earnest research initiatives. At the core of IGDTUW's mission, lies the empowerment of students, arming them with new skill sets and knowledge essential for the dynamic external landscape. Our goal is to furnish each student with unparalleled expertise, preparing them for diverse and demanding situations. Through optimal training and distinguished faculty support, we ensure our graduates are industry-ready.

I'm honoured to serve as the Training and Placement co-ordinator of this esteemed institution. I extend my gratitude to our longstanding industry partners and research firms who have placed their trust in us over the years, offering invaluable support. We believe our student's unwavering determination and hard work is poised to guide our organization towards a trajectory of success and prosperity. We eagerly anticipate the opportunity to establish a robust and mutually beneficial relationship with all the esteemed partners.

Department of CSE

About the Department

The Computer Science and Engineering Department is the most versatile department of college and caters to the needs of other departments as well. The department aims at developing the fundamental conceptual knowledge along with the total personality, which helps computer engineers to face the challenges of the rapidly changing software industry. Technical skills, teamwork and specialized knowledge prepare these young engineers to adopt and continuously learn new technologies. Regular updation and expansion of the labs is done as per the requirement of the industry. Exposure to latest developments and technologies is a mandatory exercise for both faculty and students. Continuous research work and live projects are taken up by the department. Numerous professional activities are conducted to improve interaction between students, faculty, other academic institutions and industries.

Department of IT

About the Department

The Department of IT fosters a dynamic learning environment that equips students with the technical expertise and problem-solving prowess to excel in the ever-evolving IT landscape. Our curriculum is meticulously designed to provide a comprehensive foundation in computer science, coupled with cutting-edge specializations that align with current industry demands. It aims to prepare students to undertake careers involving innovation and problem solving using IT, or to undertake advanced studies for research careers in IT. It aims to emerge as a center of excellence in leveraging information technology to stimulate the exchange and creation of knowledge for intellectual, social, political, moral and material development of the society. The teaching pedagogy in the department aims to bridge the gap between principles and applications with the goal to apply knowledge of computing sciences for solving real world problems.

Core Curriculum:

- **Solid Foundation:** Master the fundamentals of data structures, algorithms and analysis, object-oriented programming (OOPS), operating systems (OS), and database management systems (DBMS) – all essential building blocks for a successful IT career.
- **Advanced Specialization:** Delve deeper into the exciting realms of artificial intelligence (AI), machine learning (ML), computer vision, neural networks, cryptography, and cybersecurity. Develop the skills to tackle complex challenges and design innovative technological solutions.

By aligning our curriculum with industry standards and fostering a culture of continuous learning, the Department of IT equips our graduates with the knowledge, skills, and adaptability to thrive in the dynamic world of technology.

About the TNP team

The Training and Placement Cell facilitates the campus placement program at IGDTUW. The team comprises a highly energetic and dynamic team of students and faculty members.

TNP Faculty Supervisor : Dr. Alongbar Wary.

MCA

The successful conclusion of the placement season for the Master of Computer Applications (MCA) 2024 batch at IGDTUW underscores the exceptional caliber and dedication exhibited by our students. Among the cohort of 74 students, an impressive 56 have emerged victorious in securing placements, either as full-time employees or through 6-month internships leading to full-time opportunities.

Standout placements include a remarkable achievement by three of our students, securing coveted positions at Amazon Web Services (AWS). Additionally, the batch boasts an impressive average package of 14.13 LPA, reflecting the industry's recognition of the quality education and skill development imparted at IGDTUW.

A notable aspect of this placement season is the proactive approach taken by our students, with 22 opting for 6-month internships to further refine their skills and gain invaluable industry experience. This strategic decision highlights their commitment to continuous learning and professional growth.

At IGDTUW, we remain steadfast in our commitment to nurturing talent and preparing students for success in the dynamic field of computer applications. Through a blend of theoretical knowledge, practical exposure, and industry-aligned training programs, we ensure that our graduates are not only well-equipped with technical skills but also possess the necessary soft skills and adaptability to thrive in diverse professional environments.

As we celebrate the achievements of our MCA 2024 batch, we reaffirm our dedication to fostering a supportive learning environment that empowers students to realize their full potential. With a focus on innovation, collaboration, and lifelong learning, IGDTUW continues to be a catalyst for the transformation of aspiring IT professionals into industry leaders.

M.TECH. PROGRAMME

The Institute offers a Master of Technology programme for IT in Cyber Security disciplines. The aim of the programme is to train the students in deeper theoretical knowledge which will enable them to tackle practical complex problems of design and development in security related fields, as well as pursue further academic achievements through research. For fulfilling this aim, the programme structure provides sufficient flexibility in coursework and thesis projects.

The Institute offers a full-time programme of 2-years .Students are admitted to the full-time programme under the categories of Teaching Assistantship (TA).

This four-semester program provides graduates with a synergetic combination of industry oriented course work and research. The academic curriculum includes core courses and electives to develop a strong theoretical base along with a final-year project and seminar. Admitted graduates may have prior work experience

Department of ECE

About the Department

The Electronics and Communication Engineering (ECE) department at Indira Gandhi Delhi Technical University for Women (IGDTUW), led by HOD Jasdeep Kaur Dhanoa, boasts a strong academic program and impressive placement records. The faculty TNP coordinator is Mrs. Ramsha Suhail. In the recent placement season, 48 companies recruited graduates for full-time roles and 28 companies offered summer internships to ECE students. Our students have shown immense achievements in academics and non-academics. Notable student achievements include Nandini Parashar (ECE, 2025) receiving the $2500 Generation Google Scholarship, Sanskriti Agarwal (ECE, 2024) winning ₹150,000 as the National Winner of the Dr. Reddy Health Hackathon, Kashish Verma (ECE AI, 2025) earning the ₹50,000 Schneider Electric Scholarship, Yashvi Singh (ECE, 2024) being recognized as an "Outstanding Performer" and "Mentor" in the EMP Pilot Phase, and Anushka Aggarwal (ECE AI, 2025) winning the Delhi region in the BitNBuild international hackathon and securing the $2500 Generation Google Scholarship. These accomplishments underscore the department's dedication to fostering academic excellence and professional growth.

M.TECH. PROGRAMME

The Institute offers a Master of Technology program in Electronics and Communication Engineering (ECE) with a specialization in VLSI disciplines. This program is designed to equip students with a profound theoretical foundation, enabling them to address intricate design and development challenges across various VLSI domains and to pursue advanced academic research opportunities. To achieve this objective, the program structure incorporates a flexible curriculum that allows for tailored coursework and thesis projects.

This full-time, two-year program comprises four semesters, welcoming students under the Teaching Assistantship (TA) category.

It integrates a robust blend of industry-focused coursework and research, featuring core courses, electives to strengthen theoretical understanding, and culminating in a final-year project and seminar. Admitted students may possess prior professional experience, enriching the academic environment.

About the TNP team

The Training and Placement Cell facilitates the campus placement program at IGDTUW. The team comprises a highly energetic and dynamic team of students and faculty members.

TNP Faculty Supervisor : Ms. Ramsha Sohail

Department of MAE

About the Department-

The Department strives for excellence in education to develop a highly skilled world class work force in the area of Mechanical & Automation Engineering and target research themes in emerging areas with the aim to produce leaders among the engineers. The department's curriculum is designed to be comprehensive and up-to-date, covering both theoretical concepts and practical applications. Students have access to state-of-the-art laboratories and facilities, which allow them to conduct experiments and projects that enhance their learning experience. The department also focuses on research and innovation, encouraging students and faculty to engage in research projects that contribute to the advancement of the field. The department has collaborations with industry partners and other academic institutions, which provide students with opportunities for internships, industrial projects, and exchange programs.

Overall, the Mechanical and Automation Department at IGDTUW is committed to excellence in education, research, and innovation, preparing students to be leaders in the field of mechanical engineering and automation.

Department of AI & DS

About the Department

Artificial Intelligence (AI) is transforming business, industry, government, social interaction and research. The growth of AI and data sciences as a discipline has been rapid in the last decade. Newly established in 2020, the Department of Artificial Intelligence and Data Science (AI&DS) aims to focus on a four-tiered strategy of Education, Research, Development and Innovation (ERDI Strategy) in the field of AI, Machine Learning, Deep Learning and Data Sciences.

Currently the department is running a 4 years UG program B.Tech – CSE(AI) and a 2 years PG program M.Tech - AI&DS which are specially designed to enable students to build intelligent machines, software, or applications with a cutting-edge combination of machine learning, analytics and visualization technologies. This course aims at providing not only the core computing subjects such as Data Structure, DBMS, Networking, Algorithms etc but also gives intensive inputs in areas of artificial intelligence, machine learning, deep learning and big data analytics along with strong application domains such as NLP, Computer Vision, Robotics and others.

Department of Management (For BBA & MBA)

About the Department

The Department of Management, established in 2019 under the Faculty of Business Studies, aims to be globally recognized as a leader in management education and a center of excellence. It offers education grounded in ethical and human values, tailored to the evolving needs of professionals, society, industry, and the nation. The Department focuses on providing women in India with a conducive learning environment to tackle changing challenges, fostering continuous innovation, learning, and developing entrepreneurial skills. Since its inception, the Department has offered a BBA program and, from the 2020-21 academic year, a two-year full-time MBA program has been offered to meet the industry's demand for management graduates with technical expertise.

About the TNP team

The Training and Placement Cell of the Department of Management at Indira Gandhi Delhi Technical University for Women (IGDTUW), Kashmere Gate, Delhi is a specialized unit devoted to fostering the professional development of its management students and facilitating the placement and internship processes for both BBA and MBA students. The cell is committed to providing guidance and support throughout the job search process, helping students prepare for interviews and achieve their career aspirations. By offering tailored training programs, industry interactions, and strategic guidance, we empower our female students to excel in their careers and assume leadership roles in the corporate world.

Department of Architecture & Planning

About the Department

The Department of Architecture and Planning started in 2015 as a step towards social equity and gender parity in technical professions, having a vision that architectural and planning education should empower students to become protagonists of positive change by exploring, learning, and practicing a sustainable form of architecture. Architectural education, besides imparting knowledge, also endeavors to create opportunities for students to engage with real life issues, so that they can reflect on their role in creating a better world. The department aims to develop the individual girl as a responsible member of a peaceful, pluralist, and inclusive society by learning to explore and practice quality, sustainable forms of architecture. The department offers a PhD, a 5 years B.Arch. program, and a 2 years M.Plan. (Urban Planning) program. The TNP cell at the department aims to provide professionals who are rooted in our cultural ethos and contribute wholesomely to nation building.

About the TNP team

The Training and Placement Cell facilitates the campus placement program at IGDTUW. The team comprises a highly energetic and dynamic team of students and faculty members. The cell is committed to providing guidance and support throughout the job search process, helping students prepare for interviews and achieve their career aspirations through higher studies, securing scholarships, and opening startups as well.
